

Elegant floor coverings are the perfect way to add beauty and style to your new home or remodel project. However, often times wood, stone, marble and tile appear inviting but are uncomfortably cold. Heatizon Systems adds luxurious and comfortable warmth to your home from the floor up!

COMFORT FOR YOUR HOME

Finally, the ability to feel the radiating power of the sun twenty four hours a day, all year long. Heatizon's luxury radiant floor warming and space heating systems provide quiet, constant, and uniform heat under cold surfaces leaving them comfortable to the touch and adding unseen elegance to your home.

QUALITY

We have gone to great length to produce the longest lasting heating elements in the industry. Cozy Heat has no moving parts to wear out, and has nothing that requires routine maintenance. Only Heatizon's Cozy Heat heating element is backed by a 12 year limited warranty.

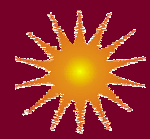

VERSATILITY

Cozy Heat radiant floor warming and space heating products fit any sized or shaped area, and go under any floor covering. Heatizon Systems Cozy Heat products are easy to install into any project.

EFFICIENCY

Utilizing 100% of the energy it draws to create heat, Heatizon Systems Cozy Heat products offer the highest energy efficiency available. Because radiant heat energy is stored in walls, floors, floor coverings, etc., warm comfortable temperatures are easily maintained.
